

## XX INTERNATIONAL CONFERENCE "POLISH-CZECH-SLOVAK GEODESY DAYS"

**I.Trevoho, V.Zadorozhnyy, O.Vanchura**  
Ukrainian Society of Geodesy and Cartography

Known Annual Scientific Conference "Polish-Czech-Slovak Geodesy days" based Polish Society of Surveyors (Stowarzyszenie Geodetów Polskich - SGP), the Czech Union of Surveyors and cartographers (Českisvar geodetů a kartografů - Čsgk) and Slovak Society surveyors and cartographers (Slovenská spoločnosť geodetov a kartografov - Ssgk) takes place alternately in one of these three countries. In 2014 another twentieth anniversary conference, exceptionally, held in Berlin (Germany) from 10.06.2014 to 08.10.2014r. The conference was SGP (Poland) supported the Berlin division of the German Society for Geodesy, Geoinformation and Land Management (DVW Berlin-Brandenburg eV). The main sponsor was the company GEOMAX (HexagonGroup).

The conference worked in «Hrystoforus" on the outskirts of Berlin (Spandau district). Her work involved experts from Poland, the Czech Republic, Slovakia, Germany, and Ukraine (on invitation SGP). The delegation of the Ukrainian Society of Geodesy and Cartography (UTHK) included - President UTHK prof. Games Trevi and responsible for international cooperation prof. Vladimir Zadorozhnyy.

Opening ceremony took place at 15 hours. October 6, 2014 in the conference hall. By presidium were invited leaders of society, including President UTHK. On the table were set presidium flags of participating countries: Poland, Czech Republic, Slovakia, Germany and Ukraine. Opened the conference and gave a speech President Stanislav Tsehelskyi SGP. The next speakers were President ČSGK - Vaclav shandy, President SSGK - Dusan Feriants, head of DVW Berlin- Brandenburg - Hans Kutterer and President Igor UTHK Trevi.

Speakers welcomed the participants and highlighted the role of the conference "Polish-Czech-Slovak Geodesy days" in the development of geodetic and cartographic sciences, practices and professional education of young people.

Conference on "Polish-Czech-Slovak Geodesy days" (6 working sessions) devoted to the

implementation of INSPIRE directives in Poland, Czech Republic, Slovakia and Germany. This speech was devoted to the main Surveyors participating countries.

Were: Kazimerzh Buyakovski (chief surveyor Poland) with the report «INSPIRE» in the activities of the Main Department of Geodesy and Cartography; Karel dinner (Chairman of the Czech land management and inventory) report "State land measurement in the Czech Republic"; Maria Frindrihova (Chairman Department of Geodesy and Cadastre of the Slovak Republic) with a report "Activity Department of Geodesy, Cartography and Cadastre of the Slovak Republic; Hans Kutterer (President of the Berlin surveying company) report "The task of the Federal Service of Geodesy and Cartography in the European Community."

Subject to other sections concerned geodetic data integration within the geospatial information infrastructure and standardization coordinate systems in Europe; development of mutual contacts and cooperation in the field of geodesy, improving management in surveying, geodesy training in others. Total made 36 reports.

During the conference held visiting professional exhibitions INTERGEO 2014 in Berlin.

On the first day of the conference participants held a friendly meeting, during which negotiations were held with authorities of government agencies and boards of professional associations, businesses, companies, editorial boards for journals of international professional cooperation. Were awarded souvenirs, magazines, booklets, invitations to the twentieth anniversary of scientific-technical conference "Heoforum-2015" (Lviv-sycamore 22-24.04.2015r.).

Sections work conference was organized so that each participant had the opportunity to attend all the reports that he was interested. As in previous conferences "Days Geodesy" among the participants was a significant number of young scientists and students. In the breaks of the conference held tours of Berlin.
